Part the Seas: Federal Report Finds Offshore Fracking has No Significant Impact

By Mike Mills on Jun 03, 2016 06:48 pm

On May 27, 2016, the Bureau of Ocean Energy Management ("BOEM") and the Bureau of Safety and Environmental Enforcement ("BSEE") jointly released a Programmatic Environmental Assessment ("PEA") for well stimulation treatment activities at operations on the Outer Continental Shelf ("OCS") of offshore California. The agencies identified and studied the environmental impacts of 43 lease areas ... [Continue Reading](#)
